

LIGHTSCENE

Can we save lighting engineers from extinction?

Thursday 17 October 2019 • 10am – 4pm
Uttoxeter Racecourse

Your invitation to exhibit at Lightscene for a simple yet effective lighting exhibition experience.

Lightscene enables companies of any size to exhibit alongside each other on an equal basis. At Lightscene, each company pays a small fee for a very high level of exposure. All spaces are 3m x 2m and only one space per company is permitted.

Maximise your ROI: your organisation can exhibit at Lightscene without the expense of hiring couriers or stand builders and without the hassle of hours spent setting up and breaking down. We encourage exhibition stands to be kept to a simple style of re-usable construction (e.g. pop-ups or banners), with exhibitors welcome to bring along stand alone or table top display items.

- Exhibiting opportunities for all types and sizes of lighting organisations
- Organised and promoted nationally by the ILP, the UK's leading lighting body
- Hosted by the local LDC Birmingham branch along with the YLP
- WiFi and free onsite parking
- Free lunch and refreshments for all visitors
- Exceptional value for money for exhibitors
- Includes public realm, commercial and industrial lighting, with a strong focus on local authorities
- Free-to-attend CPD papers attract high calibre visitors

Our Thought Provoking Theme:

Can We Save Lighting Engineers From Extinction?

The event will encompass CPD talks exploring this challenging question. We will be looking at subjects such as:

- The changing role of the lighting professional
- Can a Local Authority manage without engineers?

- Should we embrace insourcing?
- Addressing challenges which the incoming generation face
- What the National Lighting Survey tells us
- Does Engineering Council have an obligation to fulfil?
- Where does this leave professional registration, CPD and Competence
- How should we upskill non-technical staff
- Techniques to build the knowledge required to ensure successful asset management – particularly for individuals from a non-lighting background

High calibre visitors

Visitors at previous Lightscene exhibitions include lighting designers, engineers and other lighting professionals who are open to new ideas and in search of excellence.

Free to attend CPD seminars are provided on relevant, topical subjects. These always prove a great draw for visitors, many of whom would otherwise be unable to justify a day away from the workplace. We also provide a free buffet lunch and other refreshments.

Act now

To take up this opportunity, simply complete the online booking form on Eventbrite.

Please email your company logo to jo@theilp.org.uk to be included in the event advertising campaign.
